## AT A GLANCE: 2011 Environment Calls in FP7

The aim of the 2011 Environment Calls is to support main EU and international policy initiatives and address the grand societal challenges in the area of climate and environmental change.

Under the overarching theme 'Transformation to Sustainable Societies in a Changing Environment', the aim is to provide and support, through research:

- integrated solutions for adaptation to and mitigation of climate change;
- eco-innovation for eco-efficiency in society;
- a systemic approach for governance in a changing environment.

The Calls will be published on **20 July 2010**.

More call information will be available on [CORDIS](#).

More information on the Infoday is available on [EUROPA](#).

You can watch the plenary sessions online on the [European Commission Webcast Portal](#).
