technology to **STIMULATE** medicine

The Research Campus STIMULATE at Otto-von-Guericke-University Magdeburg and its partners innovate and develop image-guided minimally invasive operations and transfer them to industry and ultimately to patients.
The public-private partnership, partly funded by the Federal Ministry of Education and Research and the state of Saxony-Anhalt, is improving the treatment of age-related common diseases in the fields of oncology and neuro- and cardiovascular diseases with innovative methods.

„ We are establishing medical technology innovation in Ultra-Highfield Magnetic Resonance as a high-tech economic sector as well as healthcare for the ageing society in Europe.“

On 25th of October 2024 the Research Campus STIMULATE from Otto-von-Guericke-University Magdeburg will hold an event at the Representation of Saxony-Anhalt to the EU.

Boulevard Saint-Michel 80
1040 Brussels

Prof. Dr. Georg Rose,
Speaker of the Research Campus STIMULATE at the OVGU Magdeburg

Prof. Dr. Oliver Speck,
Head of Department of Biomedical Magnetic Resonance, OVGU Magdeburg

Dr. Stefan Röll,
CEO, Neoscan Solutions GmbH

Prof. D.G. David Norris,
Principal Investigator, Donders Centre for Cognitive Neuroimaging,
Radboud University Nijmegen, Netherlands

Tomasz Dylag, PhD,
Head of Sector Health Industry,
DG-RTD, Unit D2, Innovation & Ecosystem at the EU-Commission

Program on Friday, 25th October 2024

09:30 **Welcome**
Carmen Johannsen, Head of the Representation of Saxony-Anhalt to the EU

09:35 **Impulse from Saxony-Anhalt – Importance of medical technology**
Thomas Wünsch, State Secretary at the Ministry of Science, Energy, Climate Protection and Environment of Saxony-Anhalt

09:50 **Presentation of Medtech Science in MR-Imaging and Medical Intervention, GER**
Prof. Dr. Georg Rose, Speaker of the Research Campus STIMULATE
Prof. Dr. Oliver Speck, Dean, Head of Department of Biomedical Magnetic Resonance, Research Campus STIMULATE

10:30 **Neoscan Solution GmbH – MRI company, GER**
Dr. Stefan Röll, CEO, consortium partner of DYNAMIC (14 T MRI)

11:00 **Donders Centre for Cognitive Neuroimaging, NL**
Prof. D.G. David Norris, Radboud University Nijmegen

11:30 **DG-RTD at the EU-COM**
Tomasz Dylag, PhD, Head of Sector Health Industry,

12:00 **Joint panel discussion – Imaging and Intervention**
Chair: Prof. Dr. Oliver Speck, Research Campus STIMULATE

12:45 **Light lunch and farewell**
